WELL BORE CLEANER

PRODUCT DESCRIPTION

“BEADLEJUICE” WELL BORE CLEANER is a highly concentrated, purple liquid blend of surface active agents, alkaline builders and dispersants. This fully biodegradable product is designed for the down hole cleanup of casing, drill pipe, and other equipment during the well completion stage. BEADLEJUICE WELL BORE CLEANER removes water, oil, and synthetic base drilling mud from all surfaces including, casing drill pipe, tanks, pumps, lines, shale shakers,... etc.

Application

It is recommended to dilute BEADLEJUICE WELL BORE CLEANER with the drill water in the chemical wash stage. The addition of agitation at this point caused by the turbulent flow of the BEADLEJUICE / water mix will enhance the rate of dissolution of the residue.
